

## Directions to Unidos por Siempre from USA

Time Required: 35 minutes (after crossing border and with no traffic)

GPS Coordinates of Unidos por Siempre Orphanage: 32.494561, -116.822818

Link to Google Map with many helpful points of interest around Tijuana: [bit.ly/doxamap](https://bit.ly/doxamap)

1. Start on either highway I-5 or I-805 heading South.
2. Take the exit for highway 905 East.
  - a. If on I-5, this is exit 3.
  - b. If on I-805, this is exit 1C.
3. Take 905 East until it ends. This will be the Otay International Border crossing. Stay in the lanes to the left, which are the “nothing to declare” lanes. If some of your vehicles get pulled over for random inspection, there is ample room to pull onto the shoulder of the road after exiting the border checkpoint area so you can wait and regroup with all vehicles prior to proceeding to Unidos por Siempre.

4. Once your entire caravan is through the border, get into the left lane and continue straight until you come to a stoplight. Make a left at the stoplight, following signs to Tecate-Mexicali Quota.

5. After turning left, get into the middle lane and stay there. You will be in this lane for a long time. You will go over a bridge, through more stop lights, and several stop signs. The road will naturally curve, but you will stay in this lane.

6. After the last stoplight in Otay (pictured below), this road will turn into a highway. You will be taking this highway. Stay on the highway for a while.

7. Just after a large downhill stretch of highway you will take the exit to the right for M. Matamoros and Rosarito. Do NOT go towards Mexicali and Tecate Quota.

8. This new highway is called Boulevard 2000 and you'll be on it for a while, until you see a large shopping center to the right with Office Depot, Home Depot, Walmart, and others. The center lanes of the highway will go down under some bridges, while the right lanes will stay at street level. Stay in the right lanes that remain at street level! Immediately after this shopping center there is a car bridge that goes over the highway (pictured below). You need to turn right immediately after the bridge! Then, continue to loop around to the right.

9. After looping around to the right, the road will come to an end. Now turn right to go over the bridge that you just went under.

10. Take this road until you see a blue Chevron gas station on your left. Then, turn left.

11. Continue on this road until you see a red store called Roma (pictured below). You will gradually go up and down hills, over speed bumps, through stop signs, and curves. Just stay on the same road until you see the red store called Roma. At this store, you will be making a left.

Here is a close-up picture of the red Roma store. Take a left here!

12. When this road ends, take a right and then your first left (pictured below).

13. Take this road until the pavement ends. Then, turn right up the dirt road.

14. You will now be able to see Unidos por Siempre Orphanage. It is located in front of you, just to the left of the very tall power line tower. It is painted yellow.
